

APPENDIX

University	Course Code & Name	Credits	Grade	Decision	CourseGraph decision
TU Delft, NL, 2020, <student name>					
TU Delft	IN4253ET "Hacking Lab" - Applied Security Analysis	5.0	A	Within security (level depends on project; here, Logjam attack against SSH was implemented)	best match: Advanced Web Security (EITN41)
TU Delft	IN4254 Smart Phone Sensing	5.0	A	Elective, within communication (no overlap with other areas; interaction design; focus on sensor data processing and mathematical models; application: user localization in Wi-Fi networks)	best match: Modern Wireless Systems - 5G and Beyond (EITP30)
TU Delft	IN4391 Distributed Systems	5.0	A	Counts as EDAP25 Distributed Systems (within core courses) — see documentation; possibly renamed to Distributed Data Systems	Completed
TU Delft	CS4150 Systems Security	5.0	A	Within security	best match: Advanced Web Security (EITN41)
TU Delft	CS4210-A Algorithms for Intelligent Decision Making	5.0	A	Within PV (Planning & Verification)	Completed
TU Delft	ET4030 Error-Correcting Codes	4.0	A	Counts as EITN70 Channel Coding for Reliable Communication (within core courses)	best match: Digital Communications (EITG05)
University of California, Santa Cruz, 2020, <student name>					
UC Santa Cruz	CSE 80A, Universal Access	–	G2	Counts as TNSF05 Rehabilitation Engineering	No match found
UC Santa Cruz	CMPM 290K, Social and Emotional Approaches to HCI	–	A	Within DA (Design & Interaction)	No match found
UC Santa Cruz	CMPM 26, Introduction to 3D Animation	–	G	Overlaps 3 ECTS with MAMF45 Virtual Reality in Theory and Practice; within DA	Completed
UC Santa Cruz	CMPM 203, Computational Media Methods	–	A	Within DA	No match found
UC Santa Cruz	CMPM 177, Creative Strategies for Designing Interactive Media	–	A	Within DA	No match found
UC Santa Cruz	CSE 160, Intro Comp Graphics	–	G	Counts as EDAF80 Computer Graphics	No match found
UC Santa Cruz	CSE 163, Data Programming for Visualization	–	A	Elective	No match found
UC Santa Cruz	SPAN 1, Spanish: First Year	–	–	External elective	No match found
UC Santa Cruz	CSE 185E, Technical Writing for Computer Engineers	–	–	External elective; blocks GEMA20 English for Engineers	No match found
University of California, Santa Cruz, 2019, <student name>, <student name>					
UC Santa Cruz	CMPS160, Intro to Computer Graphics	–	G2	Counts as EDAF80 Computer Graphics	No match found

UC Santa Cruz	CMPS140, Artificial Intelligence	–	A	Counts as EDAP01 Artificial Intelligence	Completed
UC Santa Cruz	CMPS144, Applied Machine Learning	–	A	Counts as EDAN95 Applied Machine Learning	Completed
UC Santa Cruz	CMPS130, Computational Models	–	A	No overlap; elective, within PV	Completed
UC Santa Cruz	CMPS111, Introduction to Operating Systems	–	A	Overlaps 2.5 ECTS with EDAF35 Operating Systems (G2); remainder overlaps with EDAP10 Multithreaded Programming (A) — CMPS111 counts as A-level	Completed
UC Santa Cruz	CMPS121, Mobile Applications	–	G	Elective	Completed
UC Santa Cruz	143E, History of Design	–	–	External elective	Completed
UC Santa Cruz	2, First Year Italian	–	–	External elective	Completed
TU München, 2019, <student name>					
TU München	IN2026, Visual Data Analytics	5	–	External elective	best match: Modelling and Learning from Data (FRTN65)
TU München	IN2060, Real-time Systems	5	A	Counts as EDAP10 Multithreaded Programming (A)	No match found
TU München	IN2062, Techniques in Artificial Intelligence	5	A	Counts as EDAP01 Artificial Intelligence (A)	best match: Applied Machine Learning (EDAN96)
TU München	IN2073, Cloud Computing	4	A	Elective, within PV, Security & Core courses	No match found
TU München	IN2081, Patterns in Software Engineering	5	G2	Overlaps 2 ECTS with OMD; G2 elective	best match: Object-oriented Modelling and Design (EDAF60)
TU München	No course code: Advanced Seminar Course JavaScript Technology	3	A	Elective, within PV — not found on current webpage	Completed
TU München, 2019, <student name> (second entry)					
TU München	IN2026, Visual Data Analytics	5	–	External elective	best match: Modelling and Learning from Data (FRTN65)
TU München	IN2028, Business Analytics	–	G2	G2 elective	No match found
TU München	IN2081, Patterns in Software Engineering	–	G2	Overlaps 2 ECTS with OMD; G2 elective	best match: Object-oriented Modelling and Design (EDAF60)

TU München	IN2106, Hands-on Deep Learning for Computer Vision and Biomedicine	10	–	Counts as EDAN70 Project in Computer Science (A)	best match: Modelling and Learning from Data (FRTN65)
